Date: 10/12/2022

Objective:

To educate participants about the essential concepts and practices in cybersecurity..

Description:

The Cybersecurity Club is hosting a workshop focusing on the fundamentals of cybersecurity. Topics covered will include common cyber threats, basic cryptography, network security principles, and best practices for securing systems and data.

Outcomes:

Participants will acquire foundational knowledge of cybersecurity principles and techniques, enabling them to recognize and mitigate common security risks. They will be better equipped to protect their personal and professional digital assets.

The Fundamentals of Cybersecurity workshop provided participants with crucial insights into the importance of cybersecurity in today's digital landscape. Through engaging discussions and practical examples, attendees gained an understanding of cybersecurity fundamentals and learned practical strategies for safeguarding their digital assets.
