Date: 15/10/2022

Objective:

To introduce participants to the fundamentals of C programming language and its applications

Description:

The Coding Club is hosting an introductory session on C programming, aimed at beginners and enthusiasts alike. This session will cover basic syntax, data types, control structures, and functions in C. Participants will also get hands-on experience through coding exercises and examples.

Outcomes:

Participants will gain a foundational understanding of C programming language and be equipped with the skills to write simple programs. They will be able to apply their knowledge to solve basic programming problems and prepare themselves for more advanced concepts.

The Introduction to C Programming session provided participants with a solid groundwork in C programming, setting them on the path to becoming proficient programmers. With hands-on practice and comprehensive learning materials, attendees are now well-prepared to explore more complex programming concepts and projects.
